EXPERIENCE

BACKLINK AFRICA   Remote
Full-stack software developer   July 2021--Jan 2022
- Designed and coded the Backlink Africa website following industry best practices and instructions given by the Backlink Africa administration.
- Designed several other websites that are part of Backlink Africa. I.e The Betting African, Elite Africans and Africa Rebirth.

MICROVERSE   Remote
Web Development Student Mentor (Volunteer)   November 2020 – May 2021
- Mentored students on a 1:1 basis to provide both technical and professional assistance as they completed individual and group projects.

FREELANCE   Remote
Full Stack Web Developer   October 2020 – October 2021
- Helped different clients that range from medical institutions, schools, startups and individuals solve problems by building for them software according to their needs
- Gave appropriate business advice to my clients in relation to handling their businesses online while using websites

EDUCATION

MICROVERSE   October 2020 – November 2021
Remote Full Stack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

NDEJJE UNIVERSITY
Bachelor of Information Technology (In Progress)   August 2020 – Present
- Coursework has included C/C++, Java, HTML and CSS, JavaScript and PHP.
